COMFORTING THOUGHT.

It is a source of intense comfort to the silver men to know that the converts rapidly being enrolled in free coinage ranks are won over by the sheer force of convincing arguments, and not by threats, or offers of coin. One honest convert, who goes over to the silver side because of a realization of the truth and soundness of the theories of the double standardists, is of infinitely more value to the cause than a dozen who have been pulled into line by intimidation, or absolutely purchased.

This is not the class of men desired by the friends of the white metal; they want the silver ranks filled up by men who think for themselves, who are honest and sincere in their convictions, and brave enough to stand by them at all times and in all places.

Long continued education in the proper direction has brought recruits into the silver lines, who have come to the conclusion that the country needs a vastly larger circulating medium; voters who will have intelligence enough to know for whom to cast their votes at the next Presidential election, and it is from these that the silver men can rightly expect assistance in the supreme moment. The beneficial results of the silver men's well directed efforts are being felt East and West, and it is gratifying for them to know that silver argument is stronger than gold coin.

All the the silver men ask is to be attentively and intelligently listened to.

May be Open Next Summer.

President Palmer of the World's fair commission, in regard to the proposal to keep the World's fair open next summer said that on general principals he would be opposed to it, as he did not think it would pay. However, the conditions this year have been extraordinary and it might be advisable to try the experiment to keep the fair open another summer. The attendance in September and October would influence his judgment in the matter. Of course nothing could be done without the sanction of Congress.

The anti-Chinese fever is on in Fresno. Several hundred idle men paraded the streets recently and a meeting was held at Kutner Hall, where speeches and promises were made. The desire of the men was that Chinese and Japanese should not be given employment so long as an American was found idle and was willing to work. A suggestion to burn Chinatown was hooted down and the man hustled out of the hall. Vineyardists and packers are coming forward and offering work to the men.

The announcement of prizes for original tales in the September number of Short Stories are, for the best story \$50; for first and second prizes for Christmas stories \$50 and \$25 respectively, and a \$50 prize for the best story of adventure including the discovery of hidden treasure. While it is not expected that this last competition will bring forth a tale equal "The Gold Bug" or "Treasure Island" still we have no doubt more than one story of great interest will be sent in to Short Stories.

The Pacific Bank failure in San Francisco is one of the rankest things of the kind that ever occurred. Old Vinegar Bitters McDonald and his slippery brood ought to break rock at Folsom for a long term. Attorney-General Hart is also up to his knees in the mess.—Lundy Index.

Mr. J. J. Hagerman, one of the largest owners of silver mines in Colorado, will have in the September Forum an article on the industrial disturbance in the mining States and the damage done by political misrepresentation.

An ordinary paino contains a mile of wire. There are some players in Carson who ought to have the whole mile around their necks.

P A WAGNER,

DEALER IN GENERAL MERCHANDISE:

Will sell goods so cheap, that you will be amazed at your own stupidity in having patronized high-priced establishments. These are grinding times and it behooves you to place your money where it will do the most good.

We are selling best two and four point BARBED WIRE at 4 1-4 cents per pound. The oldest inhabitant will tell you that this is remarkably cheap, unparalleled in the history of Carson.

We have reduced the prices of everything we carry in stock; Groceries, Provisions, Liquors, Hardware, Tinware, Crockery, Paints, Oils, Wall Paper, etc., can be purchased at this Emporium at a less percentage of profit than elsewhere. No necessity for sending your money to California, thinking you can save something for we will be more than pleased to duplicate your bill.

Give us a trial order and make your comparisons with purchases at home or abroad and be convinced. Orders from the country, as well as Carson and its environs will receive our prompt attention.
